Trial Reduction Ice Cost for Figure Skating NROC Coaches

Dear Figure Skating Community,

SISA EXCO together with the Figure Skating Director has reviewed your feedback and concerns with regards to the first trial reduction in May 2016 – August 2016.

In consultation with the new Skating Director – Development / Coach, Ms Robi Chalmers, the factors behind the lowered fees was accepted and with a result, we will commence a second trial for October 2016 ice sessions. Thereafter, the result will be looked at again.

The coaches' ice cost will be \$20 per session.

With the lowering of the coaches' fees, SISA is hoping more coaches will welcome their skaters onto the SISA sessions for practice and lessons.

Additionally, we hope to emphasize that this is aimed so the "savings" will be translated into a reduction of actual coaching fees to the skaters.
