Local travel refers to travel to trainings, competition venues and team events that occur locally and does not include overnight stay(s). Overnight travel refers to travel to trainings, competition venues and events that includes overnight stay(s) either at a local venue or an overseas venue.

The Travel Policy seeks to minimize on-on-one interactions between Minor Athletes and Persons in Authority as Vulnerable Persons are put at a greater risk during travel when they are away from their families and support network in settings that are less structured and less familiar.

3.1 Transportation

- a. Except for emergency circumstances, A Person in Authority must not transport a Minor Athlete alone in a vehicle unless the Person is related to the minor athlete (e.g., a parent or legal guardian).

4 ONE-ON-ONE INTERACTIONS

Majority of child sexual abuse is perpetrated in isolated on-on-one situations. By reducing such interactions between Minor Athletes and adults, the risks of such abuse can be reduced. However, one-on-one time with a trusted adult is also a healthy and valuable part of participation. This policy assists with protecting Minor Athletes whilst allowing beneficial relationships to thrive.

- 4.1 One-on-One interactions (e.g. training) between Minor Athletes and Persons in Authority should be observable and at an interruptible distance by another adult.
- 4.2 Meetings between Persons in Authority and Minor Athletes should only occur if another adult is present.

- 5.4 Consent should always be sought from an adult Athlete before performing any massage or rubdown.

6 SOCIAL MEDIA, MOBILE AND ELECTRONIC COMMUNICATIONS POLICY

Effective communication concerning administrative issues among coaches, administrator and athlete is critical. However, the use of mobile devices, web-based application and other forms of electronic communications increases the possibility for misunderstandings and improprieties.

- 6.1 All electronic communications, including text messages, use of social media and emails, between Persons in Authority and athletes should be professional, appropriate, activity-related and transparent (e.g., team activities, schedules, competition).
- 6.2 Any electronic communication between all Persons must be observant of healthy and appropriate boundaries.

- 6.6 All Persons should be provided with training on what is acceptable and unacceptable behaviours when using social media, mobile or electronic communications.

7 CHANGING ROOM POLICY

Changing rooms and similar settings designated for changing (e.g., locker rooms, showers, toilets) may create a conducive environment for abuse and harassment to occur as participants are in various stages of undress and are usually less supervised. Adherence to the changing room policy is important to reduce the likelihood of Misconduct from occurring in the changing room and for the protection of Vulnerable Persons.

- 7.1 Regular monitoring and supervision of the changing rooms will be conducted where reasonably feasible, through the following methods:
- a. Posting a Person in Authority outside the changing room to ensure only approved personnel enter the changing room.
 - b. Occasional and random checks on the changing rooms by Person in Authority of the same gender (e.g., female to check on female changing rooms).
- 7.2 Interactions in changing room and similar settings (e.g., shower, toilets)
- a. Any one-to-one meetings between a Person in Authority and a Minor Athlete in a changing room or similar space is strictly prohibited unless another adult is present.

- a. prior approval is sought and given;
 - b. two or more Persons in Authority are present; and
 - c. all Persons are fully clothed.

8 SAFE SPORT TRAINING AND EDUCATION POLICY

Training and Education is a key component of any abuse and misconduct prevention strategy. Awareness training provides participants with the necessary information to identify and prevent the occurrence of abuse and harassment in the sporting environment.

All Persons should be empowered to report abuse and misconduct. To do so, all Persons should have a basic understanding of what constitutes a violation of the Safe Sport Policy and how to spot strategies used by offenders to target victims.

8.1 Onboarding

- a. As part of the onboarding process, the following Persons are required to complete the online Safe Sport module on the SportSG-ED platform (<https://www.sportsingapore.gov.sg/athletes-coaches/sportsg-ed>). Refer to Annex D for SportSG-ED User Guide.
 - i board members
 - ii employees and staff
 - iii coaches;
 - iv athletes;
 - v volunteers
- b. The online module should be completed as soon as possible, and no later than three (3) months upon commencement of respective roles.
- c. Persons in Authority who have regular direct contact with Vulnerable Persons must complete the online training before assuming their role.
- d. All Persons who have completed the online module will be required to produce a certificate of completion to SISA's safeguarding officer and/or person in charge of recruitment.

8.2 Training

- a. All Persons who have direct contact with Vulnerable Person(s) will be required to undergo continuing education workshops from time to time.

9 INTIMATE RELATIONSHIP POLICY

Healthy and consensual intimate and/or romantic relationships are an important aspect to a person's wellbeing. However, intimate relationships where a Power Imbalance exists could give rise to actual or perceived conflict of interest and this could have harmful effects to the sporting community and the persons involved.

A Power Imbalance is present where one person has supervisory, evaluative, a duty of care or other authority over another individual (e.g. Person in Authority). The totality of the circumstances that give rise to a Power Imbalance and the definition of Intimate Relationships is set out in the Unified Code.

- 9.1 An Intimate relationship between an adult Person and a Minor athlete where a Power Imbalance exists is viewed as exploitative and is prohibited under the Unified Code.
- 9.2 In a relationship where a Power Imbalance exists between two adult Persons, the following shall apply:
- a. an Intimate Relationship between adults where a Power imbalance exists (e.g., Coach-Athlete) is strongly discouraged and should be avoided;
 - b. if such a relationship exists, it is the duty of the Person in Authority to make a declaration of the relationship to the General Manager of SISA. This is to remove the secrecy and stigmatization of healthy relationships which form between adults; and
 - c. SISA may then make the necessary and appropriate arrangements to reduce actual or perceived conflict of interests and/or exploitation due to the differences in authority, power, status, influence and dependence between the Person in Authority and the other individual (e.g., re-deployment of Person in Authority, recusing the Person in Authority from selection decisions).
